

8 Hill Street Bendigo VIC

2 1 1

Desirable two bedroom townhouse which is truly a credit to the owner due to their attention to detail. From how the two units have been set up on the block to the extra features included, the property stands out from its competition. It includes two good sized bedrooms with built in robes, kitchen with dishwasher, gas hotplates and electric oven, split system heating and cooling, three piece bathroom, as well as a cleverly designed laundry with built in cupboard and bench at the end of the garage. Externally the property has a single garage with remote, low maintenance landscaped gardens and is only a short walk from Bendigo's fountain. One that truly has to be inspected to be appreciated.
