

4 Frederick Street Bendigo VIC

Situated just a stones throw from the nearly completed Bendigo Hospital Project, sits this prime development site in excess of 1400m².

An abundant position isn't the only benefit here with plans and permits issued for the construction of four substantial double story town houses! This desirable location provides the developer or investor the opportunity to buy now, secure in the knowledge that they can start the project at settlement.

Whether you are old or new to the market, it is clear to see that it is an excellent venture...the only thing left to do now is jump on it!

(Plans and permit are available upon request)
