2 1 1

It might look like a quaint cottage from the outside but inside is a fully renovated home with generous living areas. It features polished timber floorboards throughout, built-in robes to both bedrooms, lounge with split system air conditioning unit and adjoining gas-heated study/dining room. The kitchen has undergone a total makeover and offers stainless steel cooking appliances with ample benches and storage including a big pantry cupboard. The modernised bathroom shines with a sleek white vanity, mosaic tiling, shower and WC while the Euro-style laundry is tucked away out of sight. Outside there's a timber deck off the kitchen for outdoor dining/entertaining, a single carport, garden shed and plenty of off-street parking for trailers etc. Over the recent years, all the hard work and unseen expense of rewiring and re-plumbing has been done along with some re-stumping.
