

19B Cousins Street Strathdale VIC

3 2 2

Set back from the street behind low-maintenance landscaping, the unassuming facade of this split-level home gives little indication of the incredibly modern home waiting inside.

Craftsman-built 5 years ago, the flexible design is deceptively spacious and reflects contemporary simplicity with a minimal, clean look.

Filled with light and loaded with style, it has three good-sized bedrooms plus study, two bathrooms, separate living room and spacious north-facing open-plan kitchen, dining and family area opening to a covered alfresco space.

The main bedroom includes walk-in robe and sleek ensuite while the study, located near the front entry, includes a wall of robes and easily converts to a 4th/guest bedroom.

Spacious kitchen/dining/living area is flooded with natural light. The kitchen is a cook's delight kitted out with 900mm
