5 2 4

Built circa 1900, this period-style home offers all the conveniences of modern-day family living while remaining true to its historic charm.

The home has been renovated and extended over the years with recent fresh paintwork and new carpets but still retains endearing original details like, high pine-lined ceilings, pine dado lining boards, timber floors and original fireplace.

Four good sized bedrooms open off the central hallway before it expands into a light-filled extension incorporating open-plan living, dining and kitchen areas overlooking the large backyard. The kitchen includes new electric/gas cooking appliances, new dishwasher, new benches and generous pantry. Dining and living areas provide ample room for entertaining when double doors slide back to include the adjoining lounge with cosy gas log fire.

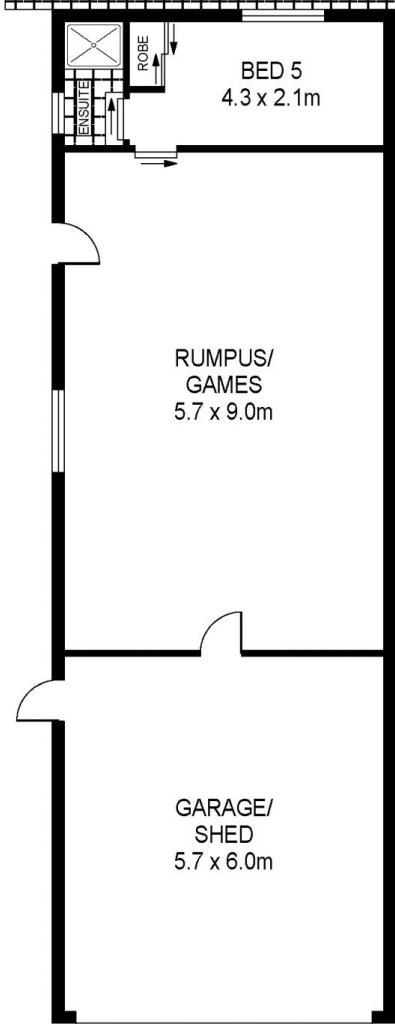

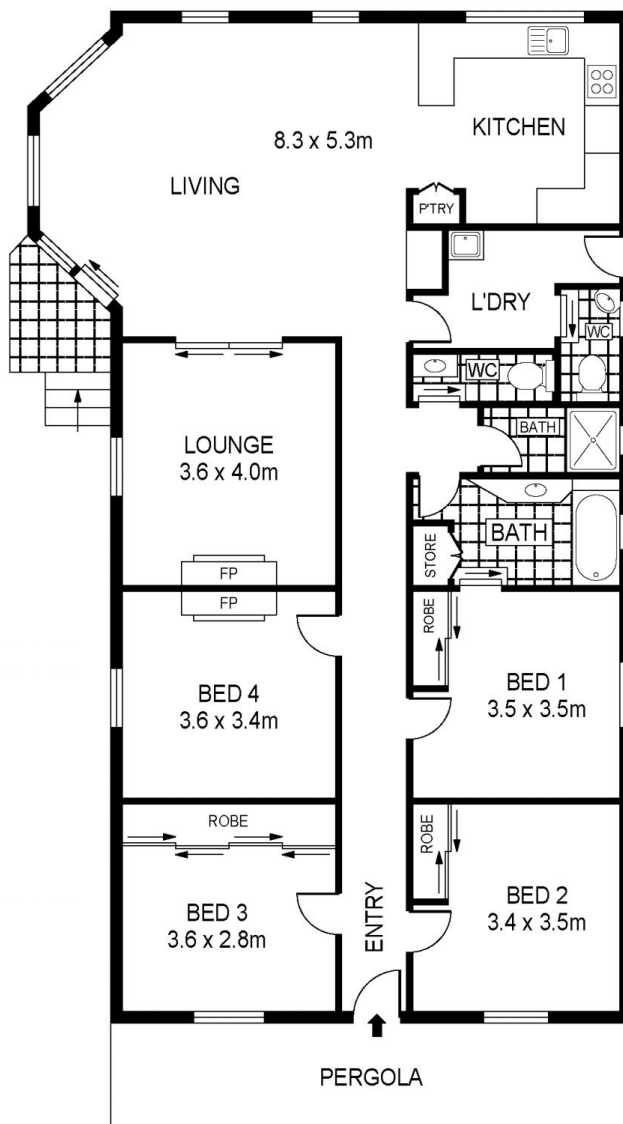

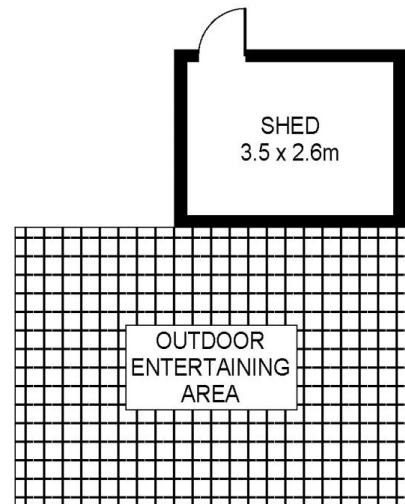

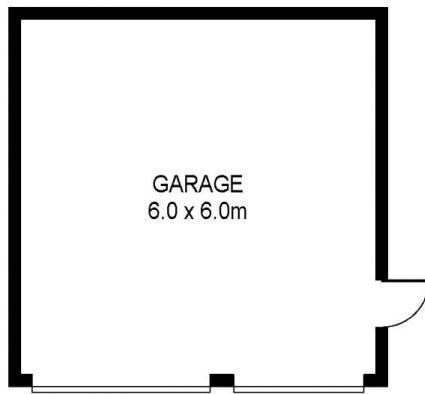

Renovated two-way bathroom, separate shower room & 2
