Wow, this one is sure to impress! This traditional cream brick home with a water front view has generous sized rooms and improvements that will certainly have you comfortable.

A porch leads to the main entry from which glass sliding doors open to a formal lounge with an enclosed wood fire. The secondary entry leads through to French doors to living/ dining space which then has you walking through to the refurbished kitchen with timber floorboards and modern appliances, not to mention the stone top bench! Two bedrooms have built in robes, whilst main has walk in robe
