

54 Reginald Street Quarry Hill VIC

3 1 2

Located on a beautiful tree lined street, with a wide Street frontage, this Californian Bungalow weatherboard presents a perfect way to establish yourself in the prestigious Quarry Hill precinct.

The 2-bedroom plus study residence still boasts period features: leadlight windows, fretwork, wall panels, picture rails, and ornate ceiling roses and cornices. An aesthetic update will transform it into a beautiful home.

In the style of the era, the master bedroom is located at the front of the house across the hallway from the lounge room. These rooms are home to the leadlight windows.

The lounge features panelling to picture rail height as a backdrop to the fireplace which houses a Rinnai gas heater. A new reverse cycle split system adds further

Price : \$ 530,000
