

1 Myall Street Quarry Hill VIC

2 1 1

This weatherboard miner's cottage, set in a high position well back from the street, could form the bones of your new Quarry Hill residence.

The original section of the home comprises 2 bedrooms and 2 separate living spaces. Twin fireplaces take pride of place in the living areas. Other features include high timber-clad ceilings, picture rails and timber-clad walls. The kitchen, as the first addition to the home, continues the timber-clad theme with a sloping roof. The bathroom and laundry extension is flat-roofed.

Out front, the full-length verandah has been firmly reestablished in brick and concrete. It will be the perfect place to enjoy a refreshing cuppa on a renovation break.

The side yard hints at a former life as a vegetable garden,
